Instructions

Other Supplies: Cardstock, Patterned Paper, Beads, Burlap, Button, Glitter, Ink, Moss, Ribbon, Sentiment, Ticket, Tinsel

Create a scrapbook page base out of cream cardstock. Cut black cardstock and patterned paper to fit across the top two thirds of the page. Distress sheet music with ink and adhere to the page. Wrap a ribbon around the page and tie into a bow. Emboss a piece of red cardstock using the Plaid embossing folder and highlight the raised design with ink. Adhere to the page along with a ticket and burlap banner. Die-cut a Victorian Caroler, Tattered Poinsettia, Mini Flourish and Tattered Pinecone greenery out of cardstock. Embellish with ink and glitter and attach to the page along with a button, beads, moss and tinsel. Stamp a piece of cardstock with a sentiment stamp and die-cut letters to spell "NOEL" from the Vintage Market alphabet out of the stamped cardstock and adhere to the page. Finish by adding a photo.
